5:47 AM · MALDIVES · A TUESDAY IN MARCH

SCROLL —

The morning you've been *working toward.*

Travel that feels the way it looks in the photo. For people who'd rather not Expedia it.

— PREFACE

An advisor practice for people who travel *like they mean it* — and would rather not spend the trip wishing they'd booked something else.

— THE PRACTICE

The trips that *have to land.*

— 01 / HONEYMOONS

The trip you've been overthinking for *nine months.*

Maldives over-water. Bali by region. Greek isles. South Africa and Mauritius. The right answer depends on whether you want to read in bed or do something every day.

MALDIVES · BALI · SANTORINI · MAURITIUS
TULUM · AMALFI · BORA BORA · TOKYO + KYOTO

— 02 / FAMILY

An all-inclusive that *doesn't feel like one.*

Real kids' clubs. Adult zones that are actually quiet. We've stayed at most of them. We know which marketing photos lie about the beach.

HYATT ZIVA CAP CANA · BEACHES TURKS & CAICOS
EXCELLENCE PUNTA CANA · ANDAZ MAYAKOBA

— 03 / GROUPS & MILESTONES

Twenty people. *One trip. We can do this.*

40th birthdays. Parents' anniversaries. Multi-generational family travel. The trip where someone usually loses their mind — except this time.

MYKONOS VILLAS · ISRAEL MULTI-GEN
CABO BIRTHDAY WEEKS · ITALIAN ESTATES

— 04 / THE SPECIALTY

Twenty resorts, *personally slept in.*

Most agencies plan resort trips they've only read about. We know which property has a real kids' club, which adults-only is genuinely quiet at 11pm. The full ranking is in the journal.

— WHAT IT LOOKS LIKE IN PRACTICE

One booking. *Recently.*

Last month, a couple booked their honeymoon to Six Senses Fiji. They paid $8,000 for what they thought was a Pool Villa. At check-in, the front desk handed them keys to the Premier Beachfront Pool Villa.

The room they walked into would have cost *$2,400 more* on Booking.com.

Daily breakfast was included. A $100 spa credit waited at the concierge desk. A bottle of champagne sat on the table, with a note: *"Mr. & Mrs. K. — Welcome home."*

None of it cost extra. None of it was asked for. The hotel paid Fora the commission they would have paid Booking.com — except Booking.com would have kept it.
